BOYD BLUE U8 BOYS FIELD SET-UP

Wosk cones and nets/goals are located in the green storage bin

Each team sets up the field they are assigned to each week (A, B, C, D) - see schedule on website

With everyone's help set-up should take 20 minutes, so you will need to arrive on field 20 minutes before start time

Starting on the 11-aside field sideline (Line in red below), fields are 34 yards long (1 adult stride = 1 yard)

Starting on the 11-aside field goal line for field A (Line in blue below), fields are 20 yards wide and 4 yards between each field A cone every 2 yards is sufficient.

Please do not drag the nets across the turf - it is bad for the turf and the nets. You will need two people to carry these into position.
